APPROVAL OF MINUTES

CERTIFICATE OF NEED APPLICATIONS

PC 557 eliminated TCA § 68-11-1616, which had provided that “each decision rendered by the Health Services and Development Agency shall include written documentation and explanation of the factual and legal basis upon which the agency grants or denies the Certificate of Need.” PC 557 only requires this for applications that are denied.

Therefore, for applications filed on or after the effective date of the relevant portions of PC 557 (10/1/2021), a simple motion to approve an application will suffice, and a motion to deny must include an explanation of the factual and legal basis as to why one or more of the criteria have not been met.

One Certificate of Need application was considered.
